pre-cast tris-tricine gels
odifying enzymes - t4 polynucleotide kinase
enzymes - t4 polynucleotide kinase
l balanced salt solution
e nutritional supplement
sphate-buffered saline
cell culture
based microbial dna purification
site-directed mutagenesis
olumn-based dna purification
column-based gel dna extraction
rna stabilization reagent
reverse transcriptase
dna polymerase
high-fidelity dna polymerase
bovine serum albumin
first-strand cdna synthesis
taq polymerase
