pre-cast tris-tricine gels
ying enzymes - t4 polynucleotide kinase
l balanced salt solution
re nutritional supplements
sphate-buffered saline
ture nutritional supplements
cell culture
based microbial dna purification kits
site-directed mutagenesis kits
olumn-based dna purification kits
osphate-buffered saline
rna stabilization reagent
olumn-based gel dna extraction kits
reverse transcriptase
dna plasmid miniprep
dna plasmid maxiprep
high-fidelity dna polymerases
bovine serum albumin
restriction endonucleases
dna ligases
dna ligation systems
dna sequencing systems
dna primers
chemiluminescent substrates
taq polymerases
